

## RANDOM REFERENCES

**Marriage License**—A marriage license was issued at the office of the county clerk this morning to William Crathorn of Hooper, Utah, and Lily Kidd of Syracuse, Utah.

**Marriage License**—Joseph Perkins of Kaysville and Delphia Smith of West Point secured a marriage license at the office of the county clerk today.

**Strong Estate**—Orders assigning the entire estate of Joseph Strong to his widow were filed in the county clerk's office at the Weber county court house today.

## Deaths and Funerals

**BARTON**—A double funeral for John Hyrum and Enoch Henry Barton was held in front of the home at Syracuse yesterday at 1 p. m. Bishop's Counselor Delbert Crider conducting. Musical numbers were a solo "I Know That My Redeemer Lives," Walter Slake, a duet, "We'll Meet Them Above," Mr. and Mrs. Joseph Paine, and a solo by Miss Susie Singleton, "The Christ Child." Speakers were President Frank J. Malder, Bishop George R. Bennett and Bishop Arnold Miller. Interment was in the Syracuse cemetery, the grave being dedicated by W. R. Beazer.

**BROWN**—Funeral services for Alonzo W. Brown were held at the grave in the Ogdenville cemetery today. The cortege left the home, 639 Twenty-second street, at 2 p. m. The Masonic ritual was conducted by Rev. J. E. Carver and officers of Weber Lodge No. 6, F. and A. M.

**ARCHIBALD**—The body of George F. Archibald will be shipped to Plymouth, Box Elder county, for burial on Thursday.

**THOMAS**—Funeral services for Mrs. F. B. Thomas were held at the Kirkendall chapel today at 3 p. m. Interment was in the Ogdenville cemetery.

**LAYMAN**—Funeral services for Albert E. Layman were held today at the grave in the Ogdenville cemetery. Bishop James Slater officiating. The cortege left the Lindquist chapel at 1 p. m.

**WILSON**—Mrs. Margaret C. Wilson, widow of the late William H. Wilson, passed away this morning about six o'clock at the home of J. T. Walker in Syracuse. Mrs. Wilson had been a sufferer of cancer for some time. She was born in Salt Lake City, February 7, 1855, the daughter of William S. and Christina Bowman Cook. Surviving her are the following brothers and sisters: David Cook and Mrs. Christina Walker of Syracuse, William Cook of Ogdenville, Mrs. Agnes E. Coles of Tremonton, Utah. Mrs. Wilson's remains will be sent to Raby, Idaho where services and interment will occur.

**COY**—The funeral cortege with the body of Mrs. Sarah Coy will leave the Lindquist chapel Friday at 12:40 o'clock and go to Plain City where services will be conducted at 1:30 o'clock. Interment Plain City cemetery.

**SMUIN**—Harriet M. Smuin, wife of John Smuin, born in Ogdenville, Sept. 23, 1859, died Dec. 7, 1918 at Resburg, Idaho. She was the mother of eleven children, seven boys and four girls, three of the boys being in the U. S. army. One of them just returned home. She was a true and faithful Latter-day Saint.

## FOUR-MINUTE MEN TO AID IN DRIVE FOR RED CROSS

Commencing December 15, says S. P. Dobbs, chairman of the local Four Minute Men's organization, the work of speakers will be confined to the nine-day drive in behalf of the American Red Cross and should local conditions be such as to make possible the opening of the theaters and other places of public assembly, Ogdenville Four Minute Men will be ready to swing the drive to the twentieth hole without meeting a bunker or bungling a stroke. An armistice is not a peace; a million or more Americans may have to stay in Europe for months—perhaps years; and even after peace is signed and sealed, there will be work for the "Greatest Mother in the World." She must help to rebuild Belgium and restore France in addition to her special service of rebuilding broken bodies and strengthening stricken spirits; for a long time to come there must be no letting up in her work of mercy.

That work costs money and needs funds; it will be financed by all Americans who have "a heart and a dollar"—which is to say by 100 per cent of our population. The Four Minute Men will report to the people on what the American Red Cross has been able to do with the money they have given in times past. They will tell where that money came from and where it has gone; and what will be needed in the near future.

All these facts, together with a hundred examples of what the work means to the war-scarred countries are contained in a bulletin of information just received from national headquarters of Four Minute Men for the use of their speakers during the campaign. They will tell what the soldiers and sailors and marines think of their Red Cross. They will repeat the heartfelt thanks of the babies of Belgium, of the mothers of Poland and Serbia. In the name of heroic nurses who have given their lives in field hospitals under the bombs of the Boche, they will call for a 100 per cent response to the Christmas Roll Call of the Red Cross.

Remember, when you hear them, that the work of mercy will not be finished while a wounded man, a scattered family, a helpless widow or orphan remains unattended and uncomfortable among the ruins of the world war. The wounds of the world must be bound up, and our hands—working through our American Red Cross—are sublimely privileged to perform this service. All it needs to repeat the well-known slogan—is a heart and a dollar.

**DAVID DUNBAR IS MADE RECEIVER OF BANK**

**SALT LAKE, Dec. 11**—David C. Dunbar was appointed yesterday by Judge W. H. Bramel of the Third district court as receiver for the Citizens' State bank at Bingham and the Copper State bank at Copperfield, the action being on the application of W. E. Evans, state bank commissioner. Bond was fixed at \$100,000 for the first and \$50,000 for the second institution.

Commissioner Evans took the stand, incident to the appointment of the receiver, and, under examination by Attorney General Dan B. Shields, testified that both banks had been found to be in unsafe and unsound condition, that the business of each was being conducted in an unsafe and unauthorized manner.

The receiver is directed to collect all debts, dues and claims and to sell all real and personal property, under the direction of the court.

The court was informed by the attorney general that it might be found advisable to ask later for increase of the bonds and they were fixed by the court with the understanding that they may be raised later if occasion should arise.

Word from Bingham last night was to the effect that some of the depositors of the closed banks were incensed as a result of reports that have been issued as to the management of the institutions, but that generally they are willing to await the straightening out of affairs before passing final judgment.

The closing of these two banks precipitated a run on the Bingham State bank today, but President Earl Randall and the other officers of the institution announced that the bank was in a position to pay depositors every cent due them and that it would do so upon demand. As a result of the run the bank paid out approximately \$100,000 during the day, a large amount of which was deposited in the postoffice. It is presumed that the run will be resumed on a smaller scale today.

Badger Brothers, who have conducted a stock brokerage business in Salt Lake for the past twenty years, yesterday closed their doors and suspended business. An assignment has been made to Charles H. Wells, whose appointment as receiver will be made this morning. The failure is said to have been due to the closing of the Citizens' State bank of Bingham and the Copper State bank of Copperfield, and to stock market reverses.

## INFLUENZA IS ON THE DECREASE IN OGDEN

If the citizens of Ogdenville were allowed to gather in the places where prayer is wont to be made and praise offered the officiating minister would be perfectly in order were he to ask the assembled congregation to rise and sing the Doxology because yesterday there were fewer new cases of influenza reported than at any time since the epidemic visited the city. Twenty new cases and no deaths since yesterday. Here is sufficient cause, though no places of public assembly be open, for a frank recognition of Divine Mercy Blessing.

Mr. Shorten is confident that the city has pursued the right course in insisting upon strict quarantine of the sick, and insistence upon the value and instrumentality of the health regulations is still necessary, he says. Let the people of Ogdenville further evidence their loyalty to each other's best interests and the good of the city and we will be in much better shape to enjoy a Happy Christmas season than if carelessness and negligence began to make themselves evident again.

## GOVERNMENT TO PAY ONE-THIRD

The government has agreed to share one-third of the appraised value of any animal killed for infection of tuberculosis, according to word received by the Weber county and Ogdenville stockmen from Dr. R. W. Hoggan, state veterinarian.

The United States is aiming to eradicate completely the disease in livestock, and the above decision was given at the meeting of the United States Livestock Sanitary association at Chicago. However, it limits the payment to not more than \$50 for grade cattle and not more than \$100 for pure bred cattle.

The intradermal tuberculosis tests for range cattle will be used by the western states, if applied by accredited veterinarians. Double vaccine is to be used in the eradication of hog cholera, further states Dr. Hoggan and each state is to formulate rules and regulations to prevent the indiscriminate sale of cholera infected animals.

## CITIZEN UPHOLDS COMMISSIONER

Editor Standard: M. L. Jones, superintendent of Public Safety has attempted through the press to present to the public the attitude which should be taken on the Kelliher investigation.

Anyone who followed this matter closely can see clearly how impartial his views are. When the special investigation was called it was for the avowed purpose of upholding his department, right or wrong. This view, in spite of the testimony given at the hearing, the truthfulness of which is shown by the resignation of Mr. Kelliher, stays with Mr. Jones and if his ideas are adhered to, no punishment should be inflicted.

In his own words, "For everyone who is guilty of breaking the law suffers the consequences many times over by a remorse of conscience and no real good can come from further humiliating him, after the ends of justice have been obtained."

## LIQUOR TO BE POURED DOWN THE GUTTER

Acting under instructions contained in an order made by Judge A. E. Pratt yesterday in the case of the state versus Charles Harris, John Acers and others, Sheriff Peterson is expected to take John Barleycorn out for a swim down the Twenty-fourth street sewer, and 1,164 quart bottles, and 215 pint bottles of whisky and a dozen quart bottles of gin represent the dimensions of this particular John Barleycorn who, notwithstanding his portentous size, will most assuredly drown. The automobiles in which John was making his journey into Ogdenville through Weber canyon when the arrest was made were ordered returned to their respective owners, Evangelico Ferrand and C. H. Jennings, both of Salt Lake City.

## HALF MILLION MEN IN NAVY DURING THE WAR

**WASHINGTON, Dec. 11**—War-time increases of the naval personnel from 56,000 to nearly 500,000 to man 1800 vessels instead of 176, is described in the annual report of Rear Admiral Leigh C. Palmer, chief of the bureau of navigation, made public today. Every one of the ships in commission, from battleships to cargo carriers, Admiral Palmer says has "complete complement" of officers and men with excess personnel to provide for training new drafts. The navy also provided armed guard and radio crews for merchant vessels in trans-Atlantic service. The great task now, in the opinion of Admiral Palmer who recently was relieved from the bureau to take command of a battleship, will be in furnishing 202,000 officers and men for the shipping board's merchant fleet estimated to comprise 9124 vessels by

## The Brunswick

All Phonographs in One  
Plays All Records  
At Their Best

## The Unselfish Gift

No other gift can bring such all-round pleasure to so many people as the "Brunswick Phonograph." THE ENTIRE FAMILY AND ALL ONE'S FRIENDS CAN PARTICIPATE IN THIS ENJOYMENT. It is for this reason SO MANY PEOPLE choose "The Brunswick" for a Christmas Gift—and why so many families "pool" their Christmas money; so that all gain far more satisfaction than in receiving small, individual presents.

The tendency this Christmas is "a worthwhile present for all" rather than "a knick-knack for each."

The "BRUNSWICK" is an ideal choice. It will prove an ever-present delight for years to come. This SUPER-PHONOGRAPH plays all records as they should be played—the tone is superb. Its reproduction is so natural. Hear it today. Decide early. Avoid the rush later.

December, 1919. To accomplish this the permanent training facilities have been expanded so as to accommodate 110,000 men at once. These include the Great Lakes station with a capacity of 45,000, Newport and Hampton Roads 25,000 each, and Pelham bay, N. Y., 15,000. Hundreds of ships are used as floating schools, each being assigned a certain number of men to be taught the rudiments of seamanship, and 14 institutions are conducting regular courses in the training of officers.

"Notwithstanding the enormous expansion of the personnel," the report says, "the various units of the navy have reached a higher state of battle efficiency than ever before."

Enlistment statistics show that every state in the union contributed to the growth of the navy, such states as Montana and Nevada each sending more than 1500 men. There were 2203 desertions during the year, but the percentage of desertions dropped from 1.42 to .93 per cent.

Admiral Palmer reports that roughly, 412,000 of the 435,000 men in the navy are native born, and 15,000 are naturalized citizens. New York alone furnished 32 per cent of the native born.

## WOUNDED MEN RETURN TO U. S. ON TRANSPORT

**NEW YORK, Dec. 11**—The steamship Calamare which arrived here today brought home the first large detachment of overseas naval forces since the signing of the armistice. All are navy aviators released by the cessation of hostilities from patrol work along the French coast.

Troops returning on the Tenadores were nearly all wounded, heroes of the bitter fighting which marked the victorious progress of the allied drive into the Argonne sector last September and October. Among them was Lieutenant Ben B. Taylor of Los Angeles, Cal., with bullet wounds in the leg received while on observation duty in a tree in the Argonne. He lay 24 hours swept by barrages and counterattacks, but escaped other injuries.

## TUBERCULOSIS IS NOT ONLY "CITY DISEASE"

**CHICAGO, Dec. 11**—Doubt that tuberculosis is a "city disease" was presented to the American Public Health association convention here today by Dr. Burton R. Rogers of New York. He said the secretary of the Indiana state board of health had written him that out of a total population of 13,000 in Crawford county, Indiana, 2,000 had died of tuberculosis within ten years. "Can such a record be even paralleled in the worst 'lung block' in the worst city in America?" asked the speaker. "Investigation in other states might reveal even worse conditions." Dr. Rogers explained that Crawford county has 304 square miles and that the 13,000 residents are scattered on 1,861 farms and in 21 towns and villages; the largest urban center con-

taining less than 1,200 inhabitants. He added: "It is doubtful if there is a three story tenement in the county, and if every house is not at least ten feet from every other house and if every living and sleeping room has not one or more outside windows. These are certainly not city conditions."

## "ENGLAND WILL NOT GIVE UP NAVY"—GEORGE

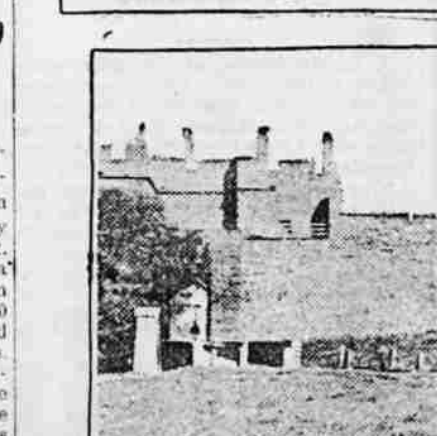

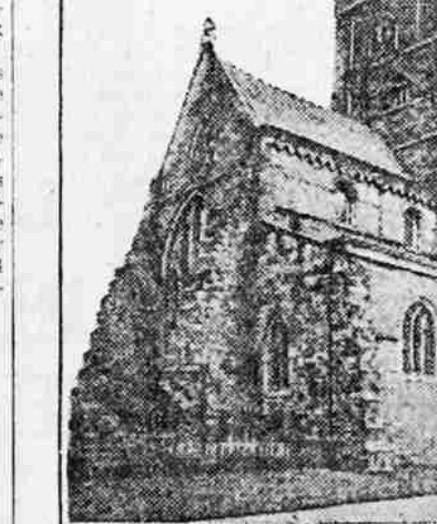

**LONDON, Dec. 11**—"If you want peace, you want a permanent peace," said Premier Lloyd George today. "If you want to prevent the horrors of war being repeated, you must put an end to conscript armies on the continent of Europe."

"The navy is a defensive weapon, not an offensive one," the premier declared, "and that is why we do not mean to give it up."

Referring to the question of an indemnity, Mr. Lloyd George said: "It is indisputable that a person who is in the wrong and has lost should pay more than a person who has been declared in the right and has won."

## SPOTS WILSON WILL VISIT AT MOTHER'S GIRLHOOD HOME

Above is the cathedral at Carlsberg, England, the girlhood home of President Wilson's mother, which he will visit while abroad. Below is Carlsberg castle, which dates back to Roman days.

## REGULAR ARMY OFFICERS OPPOSE STATE GUARDS

**ST. PAUL, Minn., Dec. 11**—Charges that regular army officers are so bitterly opposed to the national guard system in the United States that they are attempting to make its existence impossible, were made today at the conference of adjutants-general of the central states, at the Minnesota capital.

The charge was made by Major W. A. Curtis, former chief of staff to Adjutant-General W. F. Rhinow of Minnesota. Major Curtis recently resigned from the staff of the adjutant-general at Washington. "Every officer in the regular army is against the national guard," said Major Curtis in addressing the meeting. "Non-officers must fight hard for six months the national guard will be a thing of the past."

Adjutant-General Holway, of Wisconsin, declared that states can not maintain national guard organization under the present federal laws.

## CRITICIZE GOVERNMENT.

**WASHINGTON, Dec. 11**—Senator Johnson of California announced to the senate today that he planned to deliver an address on the American policy

in Russia. It is understood he will criticize the action of the government in keeping troops in Russia when the country is not at war with the Bolshevik government.

## ABANDON PROJECTS.

**WASHINGTON, Dec. 11**—Abandonment of nineteen construction projects including a number of nitrate and other chemical plants was announced by the war department.

## Y. M. C. A. SENDS SUPPLIES TO U. S. BOYS IN RUSSIA

**LONDON, Dec. 11**—Twenty American Y. M. C. A. secretaries and 355 tons of food stuffs and canteen supplies, presumably enough to last seven months, have been dispatched from here to American troops in northern Russia who will be "frozen in" for the next seven months. When word was received from Ambassador David R. Francis of the need of the "Y" workers to keep up the morale of these men, \$150,000 was immediately appropriated and the expedition started on its way.

Soon after the party lands the port of Archangel will freeze over, after which none of the American soldiers stationed there can leave for at least seven months.

The American Y. M. C. A. is finding that the peace call is bringing problems as vital as appeared when the troops were living in trenches and death stalked on every side.

## LATIN COUNTRIES ASKED BY U. S. TO SETTLE DISPUTE

**WASHINGTON, Dec. 11**—All South American countries have been asked by the United States to make suggestions to Chile and Peru that the interests of Pan-American unity demand an amicable settlement of the controversy over the provinces of Tacna and Arica. Acting Secretary Folk of the state department announced this today, explaining that it had been erroneously reported that Argentine alone has been approached on the subject.

**COPENHAGEN, Dec. 11**—According to reports from Berlin, the Entente governments intend to refuse to send foodstuffs to Germany until a demand they are said to have made for the dissolution of the soldiers' and workers' councils is carried out. The Allies, the reports add, will reserve the right to march into Germany.
